BURIED ALIVE!

Sixteen Men Imprisoned in a California Mine and It is Thought All Have Perished.

SAN ANDREAS, Cal., Dec. 24.—From particulars of the accident at the Lane mine received to-day, it appears that the timbering on the 400 foot level had become loosened and that nineteen men were sent into the level on Sunday to make repairs. They had not worked long when the supports of the upper timbers gave way and the roofing, earth and rocks fell, burying sixteen men.

Thomas Corwin and two Italians were working near the mouth of the drift and managed to escape, although Corwin was badly injured. The others also started to run when they heard the timbers crack, but they were too far in the drift to be able to reach a place of safety.

Immediately after the accident men were lowered into the shaft and they commenced digging into the debris. By last evening the rescuing party had succeeded in getting only eight feet into the pile of earth and timber and none of the victims had been reached. It is said that there is no prospect of getting the men out alive.

CORNER ON WHEAT.

The Ogilive Mill Company Controls the Northwestern Market.

WINNIPEG, Man., Dec. 24.—The Ogilive Mill company, the largest milling organization in Canada, has secured a corner on all the wheat in the province of Manitoba and northwest territories, amounting to about 4,000,000 bushels.

It is an open secret that the firm secured a "pointer" from the Dominion government that the duty on flour would be increased at the pending session from 50 cents to $1 per barrel. Strong pressure is being brought to bear to induce the government to increase the tariff. As the tariff is at present Minneapolis millers are able to periodically flood eastern markets, much to the chagrin of Dominion millers.

The Ogilives have large mills in the northwest and will grind all the grain. Their deal cuts a lot of other milling companies out of wheat to keep their mills going, and in consequence wheat has bounced up to 80 cents all over the country. The price paid by the Ogilives was within one cent of what Duluth wheat, at present prices, could be laid down here for.

DAKOTA'S DESTITUTION.

Governor Mellette Speaks of the Suffering in South Dakota.

PIERRE, S. D., Dec. 24.—Governor Mellette yesterday expressed the view, speaking of the resolutions adopted at the recent Watertown convention, that no attempt at concealment at destitution among people of the state was wise. He said the districts where there is suffering and want were small, and the rest, or fully 80 per cent. of the state, was in easy circumstances and could help the others in a measure with what aid was coming in from outside.

The Northwestern railway alone has contributed over $40,000 already in freights to the drought sufferings, and is still continuing in half and free rates on coal and supplies where the necessity for them is shown.

HERE'S THE WEATHER.

You Can Regulate Your Christmas Program By It.

WASHINGTON, Dec. 24.—A storm of slight intensity is this morning central in Western Minnesota. The rain area in advance of it has extended as far eastward as western New York and Western Pennsylvania.

To the police officials the prisoner said his name was John Moore, aged twenty-nine, residence Chicago.

Cincinnati Flames.

CINCINNATI, Dec. 24.—What is known as the tank house of the Thomas Emery's Sons extensive soap and candle works, at Ivorydale, a suburb six miles from the city, was totally destroyed by fire at a late hour last night, entailing a loss of $50,000. The destroyed building was three stories in height and constructed of stone. In it was stored about 40,000 pounds of grease. The stop cock of one of the tanks was blown off by the pressure of the liquid grease. This was the direct cause of the fire. No insurance.

THE DEED OF A TRAMP.

The Chicago Police Have a New Clue in the Mantwill Murder Case —The Murderer Hunted Down.

CHICAGO, Dec. 24.—The police are working on a new clew and it is now thought that Mantwill was murdered by an insane man. A man who goes by the name of Dankspeigal, is suspected to have some guilty knowledge of the murder. He is of Polish descent and is described as a powerful man, weighing over 200 pounds.

He is known to have been in the neighborhood where the murder was committed for several days previous to the tragedy. Dankspeigal has a bad record. He has no home and is known as a tramp.

His mind is affected and he makes it a habit to sleep in basements. In his belt he always carries a huge knife, and it is said he delights in using it. It is now thought by Captain Schueltter and his men that Dankspeigal went in the basement of the Mantwill house to sleep, and that poor Mantwill happened to step on him while gathering the clothes from the line, and was then assaulted by the man and murdered. They expected to have Dankspeigal under arrest before evening.

MONTANA'S DEAD LOCK.

The Rival Legislators Will Eat Christmas Turkey All the Same.

HELENA, Mont., Dec. 24.—Politicians of both parties seem to have abandoned the field and will let the dead lock take care of itself until after Christmas.

To-day, the case of Roberts will be called in the district court, but a postponement is probable. A Republican caucus to nominate senators is set for December 30, and the Democratic caucus for the same purpose will likely meet on the same day. On the Republican side Sanders and Mantle are in the lead, while the Democratic candidates are Hauser, Maginnis and W. A. Clark.

The latter is almost sure to be a winner, but the friends of both the others claim a majority of the Democratic votes.

Murderous Assault.

ATLANTIC, Iowa, Dec. 24.—At 6 o'clock last evening G. H. Abbott, of Joliet, Ill., was attacked by two men near his hotel, the purpose evidently being robbery. He was hit with a sandbag, his lower jaw being broken and his lower teeth knocked out. He called for help, and the highwaymen ran without securing any plunder. Mr. Abbott was taken to the hotel, where he received medical attention. Mr. Abbott is the agent for an Opera company from New Brighton, Pa.

ST. PAUL, Minn., Dec. 24.—A railroad rumor of a good deal of interest was given circulation yesterday afternoon on the authority of a prominent railroad man. Fleming, Smith's manager, has been sending an explanation of his share in the disgraceful affair. They were doubtless friends who had been hired by Smith personally to do what they did. Fleming says he has severed all connection between himself and Smith forever.

TUESDAY, DEC. 24, 1889.

MERRY Christmas to all.

THE old year has but one more week to run.

THE swearing off season rapidly approaches.

THE wedding bells will ring merrily during the holidays.

MANY of our people are leaving the city to spend the holidays.

THE Russian imperial academy of arts had decided to exclude Jews from membership.

TURKEY—the national bird—will figure conspicuously in the festivities of Christmas.

"A GREEN Christmas and a fat graveyard" is the old adage. We will have the former, certainly.

A GERMAN syndicate has obtained a contract, amounting to $2,625,000, to construct railways in Egypt.

KING MALIETOA has at last been formally recognized as ruler of Samoa by the consuls of the United States, Great Britain and Germany.

SENATOR HOAR has introduced a bill providing for a national prison and reformatory to cost not more than $2,000,000. It would relieve state penitentiaries of overflowing, and the building of it would help reduce the surplus.

THE death of Henry W. Grady, of Atlanta, Ga., removes one of the brightest and best editors of the south. He labored for the reconciliation of the differences between the north and the south and was one of the grandest men of the south.

An English newspaper says that P. T. Barnum has offered General Boulanger $1,000 a week to travel with his circus. It is gratifying to see that as a popular attraction the general is rated 75 per cent. under the great and only Colonel John Lawrence Sullivan.

THIS remark is credited to Secretary Windom: "When I am about to make an appointment, I am compelled to shut myself up for fear of being devoured by the hungry lions," which causes the Boston *Globe* to remark, "Why not prepare an iron cage for applicants when they are about to be fed?" The republicans are a hungrier set of office-seekers than the democrats ever were.

IT is stated that a syndicate has been formed for the purchase of the New York *Star*, and that an option on the paper has been secured from Mr. Collis P. Huntington. The price of the paper will be reduced to one cent and the name may be changed to the *Democrat*. Two members of the syndicate have gone to Washington to talk to Congressman A. J. Cummings, to offer him $10,000 per year and fifteen per cent. of all profits to manage the paper under its new administration.

JAMES J. WEST, ex-editor of the Chicago, *Times*, ex-president of the Times company and still a claimant in civil suits for a controlling interest in its management, was convicted last night of over-issuing the stock of the company knowingly, designedly, and with intent to defraud, and sentenced to pay a fine of $1,000 and to be imprisoned in the penitentiary for the term of five years. C. E. Graham, West's private secretary, and ex-secretary of the company, and his alleged confederate and co-defendant was acquitted. Mr. West went into the *Times* a rich man and came out poor, and while he may have been technically guilty of the crime of which he was convicted, the sentence, nevertheless seems a very severe one.

CHRISTMAS DAY.

Long before to-morrow's sun shall have peeped above the eastern horizon the Christmas bells will have rung in the brighest and happiest day of all the year—the anniversary of the birth of the Saviour of the world. It will usher in a scene familiar, it is true, to all of us, yet not the less joyous.

Christmas morn has dawned on the world for nearly nineteen hundred years and yet its coming excites in the hearts of the young and the old the joy akin to that of the shepherds when they saw in the east the star that guided them to the sacred spot where the babe of Bethlehem lay, and now, as then, He will be worshipped as Christ, the Saviour, and millions of hearts will overflow with gratitude and love.

To the young the dawning of the day will be one rich with surprises. They will look for reminders of the visits of Santa Claus—that pleasant-faced and genial old fellow who comes, nobody knows how, or when or whence, but he comes and makes everybody glad with his visits.

The mysterious old man will be early astir and long before youthful eyelids have opened from their sleep he will have made his rounds and scattered his gifts. He knows no sleep on Christmas eve and all the night long travels in a mysterious way from housetop to housetop, coming down the chimney, mayhap, leaves with his favored ones rich and happy surprises, and when the morning comes and the romping, happy children gather around the taper-lit Christmas tree, their hearts will burn with love for Christ—whose birth gave them the bright, glad day—and increased affection for their parents.

Christmas will be here to-morrow, and with its coming THE SENTINEL greets every bright-eyed baby and every elder brother and sister with "A Merry Christmas." To all the joyous greeting is sent and may the crowning festival of the year be one that will send joy to every home.

But as we write these lines we realize that there will be some homes where the gladness born of the day will not enter. They are the homes of poverty. Over these hearth stones Santa Claus, in his flying morning trip, does not often cross. The old white-bearded man seems to love the residences of the rich and bids them to see that the deserving poor are not forgotten. Let us accept the responsibility he has placed upon us, and in our happiness, remember the poor.

It is needless to say that Christmas day will be appropriately observed in Fort Wayne. The manufacturing establishments will be closed and their thousands of employes will join in the festivities of the occasion. The churches will have religious services and many of them will provide gorgeous entertainments for their children.

THE SENTINEL, as is its custom, will issue no paper. Christmas is too joyous an occasion for the news gatherers and the employes of the office generally, and with the gay, happy throng, they will join in the festivities of the day.

THE NORTH DAKOTA PROHIBITION LAW.

The full text of the North Dakota prohibition law has been made public. It is entitled an act to prescribe penalties for the unlawful manufacture, sale and keeping for sale intoxicating liquors, and to regulate the sale, barter and giving away of such liquors for medical, scientific and mechanical purposes.

It is an exceedingly lengthy document, containing thirty-two sections, and comes in force July 1, 1890. It imposes penalties: First offense, $200 to $1,000 and imprisonment not less than ninety days nor more than one year; second and each succeeding offense is treated as a felony, with punishment by imprisonment in the state's prison for periods not exceeding two years. There is a proviso permitting registered pharmacists to sell for medical, mechanical, scientific and sacramental purposes. All places where intoxicants are sold are declared common nuisances, and sheriffs of the county in which such places are located are empowered to abate them and destroy all intoxicants and fixtures found therein.

THE FLOATING POPULATION.

Dan Mason's Original Witticisms--A Christmas Attraction.

In the early days of B——, before its enterprise had raised it out of the mud and at a time when it was not an unusual thing to see a board nailed to a stick driven into the mire at some street crossing, bearing the inscription, "No Bottom Here," Dan Mason, the happy German comedian, gave a benefit at the theatre.

It was in the spring of the year and during a week when B—— was enjoying a wet spell. The day and evening of the benefit was an unusually rainy one; still his friends managed to make their appearance and eagerly awaited his always welcome little speech before the curtain. After the first act he came to front and all was silent to listen to his expected humor. The silence was so great that the pattering of the rain drops on the roof could be plainly heard. With his genial smile lighting up his face, he commenced, "Ladies and gentlemen, I presume I am addressing the floating population of B——."

The balance of his speech was lost among the roars of laughter, for he had sustained his character for wit and humor. Mr. Mason comes to the Temple Wednesday (Christmas) afternoon and evening, and to tell half of his many funny experiences would take a volume in itself.

The vocalists with the George Wilson minstrels this season are said to be the finest ever gathered together in one company. The list includes such famous ballad singers and song writers as George Gale, Will Walling, Thomas Lewis, C. F. Shattuck, Howard Clifton, and others.

Notwithstanding the name, Mr. James Reilly, who comes to the Temple December 27, is an excellent German comedian of the J. K. Emmett order. His songs are rich in melody and his voice fully in harmony with the sweet strains from the pen of the famous composer Isidor Whitmark.

"The Last Days of Pompeii" is the New Years attraction at the Temple.

An intelligent person when hurt will at once procure a bottle of Salvation Oil. It is the best thing to cure swellings, burns or wounds. All druggists sell it at twenty-five cents a bottle.

Dr. Bull's Cough Syrup should be kept in every family. A slight cough, if unchecked, is often the forerunner of consumption. One dose of this wonderful medicine has rescued many from the grave.

HERE IT IS!

The famous neverslip horse shoe with patent removable, steel centered, self sharping calks, has gained the day and can be found in our city.

Some of the main advantages which have commended it to popular favor, may be summarized, as follows:

1. It never slips in any direction.
2. The horse soon learns this fact, and consequently, whether pulling or trotting, will always do his best.
3. It saves the horse from sprains and bruises which constantly result from insecure footing.
4. It avoids the injury to the horse's feet caused by a too frequent resetting of the shoes.
5. It greatly lessens the danger of injury from calking.
6. It saves the time, both of the horse and owner, as the insertion of new and sharp Calks is the work of only a few minutes.
7. Its use facilitates all kinds of business. Livery keepers, and all whose horses are in constant requisition, are enabled by the use of this shoe to meet their engagements promptly, however slippery the traveling may be.

Owing to the great demand for this shoe, Geary & Perrey, the horse shoers, successors to Ersig & Geary, secured the agency for Fort Wayne, and are prepared to supply all sizes of calks and wrenches, &c., to persons desirous of useing them.

The reputation of Geary & Perrey, as horse shoers, is second to none in the city, and their endorsement of the shoe, guarantees satisfaction. Call on them for further information at

HOW TO TELL
GOOD BLUING.

Mrs. SMITH. Oh, Mrs. Jones! I just dropped in to tell you that Araminta's baby had a new tooth, and that Mrs. Bolly has been flirting outrageously with the expressman.

Mrs. JONES. Glad to see you; I was just going out.

Mrs. S. Where to?

Mrs. J. To the grocery to get some things, starch, soap, and bluin'.

Mrs. S. BLUIN'! why, bless my soul, how glad I am I cum! BLUIN'! Why, they'd cheat your eyes out. Do you know how to tell good, PURE bluin'?

Mrs. J. No; how?

Mrs. S. There, didn't I tell you! Well, you ask 'em for a piece of it, and you drop it in a pail of water, and, if it's GOOD bluin', it'll sink—or—or swim, and I'll be durned if I ain't forgotten which!

Now, it requires no tests to tell whether Rogers' Royal Nervine is GOOD for you. It has been tried and tested, and thousands can tell you the result. You want it, you need it, and your druggist keeps it!

A DAY OFF!

Christmas Will be a Day of Festivity to the Shop and Railroad Men of the City.

Most of the manufacturing establishments of the city will close down tomorrow and give their employes an opportunity to enjoy the festivities of Christmas day.

The passenger department of the railroads will of course be on duty, but the freight traffic will probably be light and most of the employes will enjoy a day of rest and recreation.

Released from their day's duties, the thousands of men engaged in the manufacturing and railroad pursuits will spend the day as their desires indicate, or their means permit. Many will spend it in visiting friends in other cities and many at home, surrounded by their friends and families.

To all the railroad reporter of THE SENTINEL sends greeting. May it be a happy, merry Christmas, and one long to be remembered. May it be spent, as it should be spent, in such a way that no unpleasant and harrowing memories will in the future arise to cause us to recall it with sadness.

Let it be a bright, happy day to everybody, and with this Christmas greeting, THE SENTINEL reporter lays before its readers

THE DAY'S LOCAL NEWS.

Charles Boyce, of the Electric works, is visiting at Muncie.

B. Meyer, of the Jenney, is making a holiday visit at Kendallville.

Ed Luke, clerk at the Bass works, will spend the holidays in Ohio.

Joe Geobler, of the Jenney works, will spend to-morrow at Indianapolis.

M. Mills, of the Jenney works, has gone to Van Wert to spend a few days.

The Bass works are putting in a new turn table near the cleaning department.

Frank Howey, of the Pennsylvania company's offices, will be married this evening.

John Hadden, machinist at the Jenney works, has gone to Maxinkuckee to visit over Christmas.

Joe Dwenger, of the Pittsburg car shops, will eat his Christmas dinner with his best girl.

A new hoisting machine is being placed near the entrance to the Pittsburg blacksmith shops for lifting heavy dies.

A. B. Collier, of the Jenney works, left for Wooster, O., to-day. He will be married to-morrow to a young lady of that city.

Harry Hayes, machinist at the Bass works, has gone to Richmond, Ind., where he will eat turkey with a young lady friend.

Foreman George H. Judy, of the Pittsburg blacksmith shop, received a handsome Christmas present from an eastern steel firm.

J. D. Kehler, treasurer of the Fort Wayne Furniture company, will represent that prosperous institution on the road during the coming year.

H. C. McKinley, foreman at the Jenney, left to-day for Wooster, Ohio, to act as best man at the marriage of A. B. Collier, also of the Jenney works.

The 1890 calendar of the Grand Rapids and Indiana passenger department will be out in a week or two and will be the handsomest ever issued by the road.

James Houghton, formerly connected with the Wabash company in this city, has been made trainmaster of the division of the road running through Decatur, Ill. His headquarters are at that city.

A meeting of general passenger and ticket agents, compilers and rate clerks interested, has been called at the rooms of the Central Traffic association, January 3, 1890. At this meeting the joint rate sheets, to take effect February 1, will be presented.

The Big Four management has placed a second order with the Brooks locomotive works for fifteen engines of the same type as those of the recent order, which is not yet complete, there being four more ten-wheelers and five switching engines to come.

The Grant locomotive works will be moved to Chicago from Paterson, N. J. At first the capacity of the works will be 250 locomotives a year. Between 1,200 and 1,500 men are to be employed in the shops. The old plant at Paterson will be abandoned. According to Mr. Jeffrey the works there were cramped and the place inconveniently located.

The sudden death of J. M. Methany, superintendent of the northern division of the Grand Rapids and Indiana railway, makes necessary a general change in the operating department of the road. A rumor is in circulation that P. S. O'Rourke, superintendent of the southern division, is to be made general superintendent, and that the superintendent of the northern division is to be William Fitzgerald, and superintendent of the southern division, J. M. Hunter. The latter is the master of transportation.

The emigration scheme has been worked so well by agents and railroad companies that an exodus of colored people threatens to almost depopulate some counties in Georgia. Circulars picturing the high wages and good hours that await the negroes in Arkansas have been industriously circulated, and with telling effect; the dusky faces have turned thitherward believing they are journeying to the land of promise. Some plantations are left without a single laborer. Between the politicians and the speculators poor Sambo has a sorry time. He has yet to learn who are his friends.

The St. Louis *Republic* of Sunday, December 22, has the following bit of news relative to the promotion of a former Fort Wayne boy: "J. E. Bleekman will succeed Mr. Henderson as chief clerk in the Wabash general superintendent's office, Mr. Henderson having resigned to accept other service, as stated yesterday. Mr. Henderson, it is understood, will go with General Manager H. K. Wade, of the Atchinson, Topeka and Santa Fe railway, with headquarters at Los Angeles, and his place with General Superintendedt Magee will be ably filled by Mr. Bleekman, who is one of the brightest young railroad men in the service. John has worked hard and attentively in all his former positions, and it will be a source of much pleasure to his many Fort Wayne friends to see his efforts rewarded. The position of chief clerk is one of unusual significance, and it is indeed very creditable to Mr. Bleekman that he should be called upon to fill so important a place."

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

France, acting in accord with England, is about to recognize Hippolyte as president of Hayti.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Somebody has called Mrs. Humphrey Ward, Miss Olive Schreiner and Mrs. Deland the agnostic trinity.

RING YE BELLS.

BY PETER RUDOLPH PICKEL.

Ring ye glad and joyous bells,
Peal forth the joys of Xmas morn,
Bear the joys to every land;
Jesus Christ, anew is born.

Ring ye glad and joyful bells,
Lighten those who to-day sorrow;
Take from them their cares and ills,
Spare their trials until to-morrow.

Ring ye glad and joyful bells,
You have lightened many sorrows;
Teach the heathen to believe,
And not wait until to-morrow.

Ring ye bells and ring ye sweetly;
May the lessons of to-day,
Bring the wanderer home repletely,
And not give him cause to stray.

Ring ye bells and ring ye stronger,
Send the news from shore to shore;
Satan he must rule no longer,
Jesus Christ is born once more.

WHAT

Are Misfits and where do they come from? These are questions often asked by those who are not acquainted with this mode of doing business.

We have agents in all the principal cities of the United States, who buy up these goods at such prices that enable us to sell them at one-half the original ordered price. This gives the purchaser a chance to buy Genuine Tailor-made clothing at as low and less a price as you would have to pay for ready-made or shop-made goods. We bring here a fine line of these goods, which consist of the most stylish made in Single and Double-Breasted Sack, Three and Four Button Cutaways, Fine Prince Alberts; also fine Pants to Dress Suits for weddings or parties. BURIED ALIVE!

Sixteen Men Imprisoned in a California Mine and It is Thought All Have Perished.

SAN ANDREAS, Cal., Dec. 24.—From particulars of the accident at the Lane mine received to-day, it appears that the timbering on the 400 foot level had become loosened and that nineteen men were sent into the level on Sunday to make repairs. They had not worked long when the supports of the upper timbers gave way and the roofing, earth and rocks fell, burying sixteen men.

Thomas Corwin and two Italians were working near the mouth of the drift and managed to escape, although Corwin was badly injured. The others also started to run when they heard the timbers crack, but they were too far in the drift to be able to reach a place of safety.

Immediately after the accident men were lowered into the shaft and they commenced digging into the debris. By last evening the rescuing party had succeeded in getting only eight feet into the pile of earth and timber and none of the victims had been reached. It is said that there is no prospect of getting the men out alive.

CORNER ON WHEAT.

The Ogilive Mill Company Controls the Northwestern Market.

WINNIPEG, Man., Dec. 24.—The Ogilive Mill company, the largest milling organization in Canada, has secured a corner on all the wheat in the province of Manitoba and northwest territories, amounting to about 4,000,000 bushels.

It is an open secret that the firm secured a "pointer" from the Dominion government that the duty on flour would be increased at the pending session from 50 cents to $1 per barrel. Strong pressure is being brought to bear to induce the government to increase the tariff. As the tariff is at present Minneapolis millers are able to periodically flood eastern markets, much to the chagrin of Dominion millers.

The Ogilives have large mills in the northwest and will grind all the grain. Their deal cuts a lot of other milling companies out of wheat to keep their mills going, and in consequence wheat has bounced up to 80 cents all over the country. The price paid by the Ogilives was within one cent of what Duluth wheat, at present prices, could be laid down here for.

DAKOTA'S DESTITUTION.

Governor Mellette Speaks of the Suffering in South Dakota.

PIERRE, S. D., Dec. 24.—Governor Mellette yesterday expressed the view, speaking of the resolutions adopted at the recent Watertown convention, that no attempt at concealment at destitution among people of the state was wise. He said the districts where there is suffering and want were small, and the rest, or fully 80 per cent. of the state, was in easy circumstances and could help the others in a measure with what aid was coming in from outside.

The Northwestern railway alone has contributed over $40,000 already in freights to the drought sufferings, and is still continuing in half and free rates on coal and supplies where the necessity for them is shown.

HERE'S THE WEATHER.

You Can Regulate Your Christmas Program By It.

Cincinnati Flames.

CINCINNATI, Dec. 24.—What is known as the tank house of the Thomas Emery's Sons extensive soap and candle works, at Ivorydale, a suburb six miles from the city, was totally destroyed by fire at a late hour last night, entailing a loss of $50,000. The destroyed building was three stories in height and constructed of stone. In it was stored about 40,000 pounds of grease. The stop cock of one of the tanks was blown off by the pressure of the liquid grease. This was the direct cause of the fire. No insurance.

THE DEED OF A TRAMP.

The Chicago Police Have a New Clue in the Mantwill Murder Case - The Murderer Hunted Down.

CHICAGO, Dec. 24.—The police are working on a new clew and it is now thought that Mantwill was murdered by an insane man. A man who goes by the name of Dankspeigal, is suspected to have some guilty knowledge of the murder. He is of Polish descent and is described as a powerful man, weighing over 200 pounds.

He is known to have been in the neighborhood where the murder was committed for several days previous to the tragedy. Dankspeigal has a bad record. He has no home and is known as a tramp.

His mind is affected and he makes it a habit to sleep in basements. In his belt he always carries a huge knife, and it is said he delights in using it. It is now thought by Captain Schuettter and his men that Dankspeigal went in the basement of the Mantwill house to sleep, and that poor Mantwill happened to step on him while gathering the clothes from the line, and was then assaulted by the man and murdered. They expected to have Dankspeigal under arrest before evening.

MONTANA'S DEAD LOCK.

The Rival Legislators Will Eat Christmas Turkey All the Same.

HELENA, Mont., Dec. 24.—Politicians of both parties seem to have abandoned the field and will let the dead lock take care of itself until after Christmas.

A Republican caucus to nominate senators is set for December 30, and the Democratic caucus for the same purpose will likely meet on the same day. On the Republican side Sanders and Mantle are in the lead, while the Democratic candidates are Hauser, Maginnis and W. A. Clark.

The latter is almost sure to be a winner, but the friends of both the others claim a majority of the Democratic votes.

TUESDAY, DEC. 24, 1889.

MERRY Christmas to all.

THE old year has but one more week to run.

THE swearing off season rapidly approaches.

THE wedding bells will ring merrily during the holidays.

MANY of our people are leaving the city to spend the holidays.

THE Russian imperial academy of arts had decided to exclude Jews from membership.

TURKEY—the national bird—will figure conspicuously in the festivities of Christmas.

"A GREEN Christmas and a fat graveyard" is the old adage. We will have the former, certainly.

A GERMAN syndicate has obtained a contract, amounting to $2,625,000, to construct railways in Egypt.

KING MALIETOA has at last been formally recognized as ruler of Samoa by the consuls of the United States, Great Britain and Germany.

SENATOR HOAR has introduced a bill providing for a national prison and reformatory to cost not more than $2,000,000. It would relieve state penitentiaries of overflowing, and the building of it would help reduce the surplus.

THE death of Henry W. Grady, of Atlanta, Ga., removes one of the brightest and best editors of the south. He labored for the reconciliation of the differences between the north and the south and was one of the grandest men of the south.

An English newspaper says that P. T. Barnum has offered General Boulanger $1,000 a week to travel with his circus. It is gratifying to see that as a popular attraction the general is rated 75 per cent. under the great and only Colonel John Lawrence Sullivan.

THIS remark is credited to Secretary Windom: "When I am about to make an appointment, I am compelled to shut myself up for fear of being devoured by the hungry lions," which causes the Boston *Globe* to remark, "Why not prepare an iron cage for applicants when they are about to be fed?" The republicans are a hungrier set of office-seekers than the democrats ever were.

IT is stated that a syndicate has been formed for the purchase of the New York *Sun*, and that an option on the paper has been secured from Mr. Collis P. Huntington. The price of the paper will be reduced to one cent and the name may be changed to the *Democrat*. Two members of the syndicate have gone to Washington to talk to Congressman A. J. Cummings, to offer him $10,000 per year and fifteen per cent. of all profits to manage the paper under its new administration.

JAMES J. WEST, ex-editor of the Chicago, *Times*, ex-president of the Times company and still a claimant in civil suits for a controlling interest in its management, was convicted last night of over-issuing the stock of the company knowingly, designedly, and with intent to defraud, and sentenced to pay a fine of $1,000 and to be imprisoned in the penitentiary for the term of five years. C. E. Graham, West's private secretary, and ex-secretary of the company, and his alleged confederate and co-defendant was acquitted. Mr. West went into the *Times* a rich man and came out poor, and while he may have been technically guilty of the crime of which he was convicted, the sentence, nevertheless seems a very severe one.

CHRISTMAS DAY.

Long before to-morrow's sun shall have peeped above the eastern horizon the Christmas bells will have rung in the brighest and happiest day of all the year—the anniversary of the birth of the Saviour of the world. It will usher in a scene familiar, it is true, to all of us, yet not the less joyous.

Christmas morn has dawned on the world for nearly nineteen hundred years and yet its coming excites in the hearts of the young and the old the joy akin to that of the shepherds when they saw in the east the star that guided them to the sacred spot where the babe of Bethlehem lay, and now, as then, He will be worshipped as Christ, the Saviour, and millions of hearts will overflow with gratitude and love.

To the young the dawning of the day will be one rich with surprises. They will look for reminders of the visits of Santa Claus—that pleasant-faced and genial old fellow who comes, nobody knows how, or when or whence, but he comes and makes everybody glad with his visits.

The mysterious old man will be early astir and long before youthful eyelids have opened from their sleep he will have made his rounds and scattered his gifts. He knows no sleep on Christmas eve and all the night long travels in a mysterious way from housetop to housetop, coming down the chimney, mayhap, leaves with his favored ones rich and happy surprises, and when the morning comes and the romping, happy children gather around the taper-lit Christmas tree, their hearts will burn with love for Christ—whose birth gave them the bright, glad day—and increased affection for their parents.

Christmas will be here to-morrow, and with its coming THE SENTINEL greets every bright-eyed baby and every elder brother and sister with "A Merry Christmas." To all the joyous greeting is sent and may the crowning festival of the year be one that will send joy to every home.

But as we write these lines we realize that there will be some homes where the gladness born of the day will not enter. They are the homes of poverty. Over these hearth stones Santa Claus, in his flying morning trip, does not often cross. The old white-bearded man seems to love the residences of the rich and bids them to see that the deserving poor are not forgotten. Let us accept the responsibility he has placed upon us, and in our happiness, remember the poor.

It is needless to say that Christmas day will be appropriately observed in Fort Wayne. The manufacturing establishments will be closed and their thousands of employes will join in the festivities of the occasion. The churches will have religious services and many of them will provide gorgeous entertainments for their children.

THE SENTINEL, as is its custom, will issue no paper. Christmas is too joyous an occasion for the news gatherers and the employes of the office generally, and with the gay, happy throng, they will join in the festivities of the day.

THE NORTH DAKOTA PROHIBITION LAW.

The full text of the North Dakota prohibition law has been made public. It is entitled an act to prescribe penalties for the unlawful manufacture, sale and keeping for sale intoxicating liquors, and to regulate the sale, barter and giving away of such liquors for medical, scientific and mechanical purposes.

It is an exceedingly lengthy document, containing thirty-two sections, and comes in force July 1, 1890. It imposes penalties: First offense, $200 to $1,000 and imprisonment not less than ninety days nor more than one year; second and each succeeding offense is treated as a felony, with punishment by imprisonment in the state's prison for periods not exceeding two years. There is a proviso permitting registered pharmacists to sell for medical, mechanical, scientific and sacramental purposes. All places where intoxicants are sold are declared common nuisances, and sheriffs of the county in which such places are located are empowered to abate them and destroy all intoxicants and fixtures found therein.

THE FLOATING POPULATION.

Dan Mason's Original Witticisms—A Christmas Attraction.

In the early days of B——, before its enterprise had raised it out of the mud and at a time when it was not an unusual thing to see a board nailed to a stick driven into the mire at some street crossing, bearing the inscription, "No Bottom Here," Dan Mason, the happy German comedian, gave a benefit at the theatre.

It was in the spring of the year and during a week when B—— was enjoying a wet spell. The day and evening of the benefit was an unusually rainy one; still his friends managed to make their appearance and eagerly awaited his always welcome little speech before the curtain. After the first act he came to front and all was silent to listen to his expected humor. The silence was so great that the pattering of the rain drops on the roof could be plainly heard. With his genial smile lighting up his face, he commenced, "Ladies and gentlemen, I presume I am addressing the floating population of B——."

The balance of his speech was lost among the roars of laughter, for he had sustained his character for wit and humor. Mr. Mason comes to the Temple Wednesday (Christmas) afternoon and evening, and to tell half of his many funny experiences would take a volume in itself.

The vocalists with the George Wilson minstrels this season are said to be the finest ever gathered together in one company. The list includes such famous ballad singers and song writers as George Gale, Will Walling, Thomas Lewis, C. F. Shattuck, Howard Clifton, and others.

Notwithstanding the name, Mr. James Reilly, who comes to the Temple December 27, is an excellent German comedian of the J. K. Emmett order. His songs are rich in melody and his voice fully in harmony with the sweet strains from the pen of the famous composer Isidor Whitmark.

"The Last Days of Pompeii" is the New Years attraction at the Temple.

An intelligent person when hurt will at once procure a bottle of Salvation Oil. It is the best thing to cure swellings, burns or wounds. All druggists sell it at twenty-five cents a bottle.

Dr. Bull's Cough Syrup should be kept in every family. A slight cough, if unchecked, is often the forerunner of consumption. One dose of this wonderful medicine has rescued many from the grave.

HERE IT IS!

The famous neverslip horse shoe with patent removable, steel centered, self sharping calks, has gained the day and can be found in our city.

Some of the main advantages which have commended it to popular favor, may be summarized, as follows:

1. It never slips in any direction.
2. The horse soon learns this fact, and consequently, whether pulling or trotting, will always do his best.
3. It saves the horse from sprains and bruises which constantly result from insecure footing.
4. It avoids the injury to the horse's feet caused by a too frequent resetting of the shoes.
5. It greatly lessens the danger of injury from calking.
6. It saves the time, both of the horse and owner, as the insertion of new and sharp Calks is the work of only a few minutes.
7. Its use facilitates all kinds of business. Livery keepers, and all whose horses are in constant requisition, are enabled by the use of this shoe to meet their engagements promptly, however slippery the traveling may be.

Owing to the great demand for this shoe, Geary & Perrey, the horse shoers, successors to Ersig & Geary, secured the agency for Fort Wayne, and are prepared to supply all sizes of calks and wrenches, &c., to persons desirous of useing them.

The reputation of Geary & Perrey, as horse shoers, is second to none in the city, and their endorsement of the shoe, guarantees satisfaction. Call on them for further information at

GOOD BLUING.

Mrs SMITH. Oh, Mrs. Jones! I just dropped in to tell you that Araminta's baby had a new tooth, and that Mrs. Bolly has been flirting outrageously with the expressman.

Mrs. J. To the grocery to get some things, starch, soap, and bluin'.

Mrs. S. BLUIN'! why, bless my soul, how glad I am I came! BLUIN'! Why, they'd cheat your eyes out Do you know how to tell good, PURE bluin'?

Mrs. J. No; how?

Mrs. S. There, didn't I tell you! Well, you ask 'em for a piece of it, and you drop it in a pail of water, and, if it's GOOD bluin', it'll sink—or—or swim, and I'll be durned if I ain't forgotten which!

Now, it requires no tests to tell whether Rogers' Royal Nervine is GOOD for you. It has been tried and tested, and thousands can tell you the result. You want it, you need it, and your druggist keeps it!

A DAY OFF!

Christmas Will be a Day of Festivity to the Shop and Railroad Men of the City.

Most of the manufacturing establishments of the city will close down to-morrow and give their employes an opportunity to enjoy the festivities of Christmas day.

The passenger department of the railroads will of course be on duty, but the freight traffic will probably be light and most of the employes will enjoy a day of rest and recreation.

Released from their day's duties, the thousands of men engaged in the manufacturing and railroad pursuits will spend the day as their desires indicate, or their means permit. Many will spend it in visiting friends in other cities and many at home, surrounded by their friends and families.

To all the railroad reporter of THE SENTINEL sends greeting. May it be a happy, merry Christmas, and one long to be remembered. May it be spent, as it should be spent, in such a way that no unpleasant and harrowing memories will in the future arise to cause us to recall it with sadness.

Let it be a bright, happy day to everybody, and with this Christmas greeting, THE SENTINEL reporter lays before its readers

THE DAY'S LOCAL NEWS.

Charles Boyce, of the Electric works, is visiting at Muncie.

B. Meyer, of the Jenney, is making a holiday visit at Kendallville.

Ed Luke, clerk at the Bass works, will spend the holidays in Ohio.

Joe Geobler, of the Jenney works, will spend to-morrow at Indianapolis.

M. Mills, of the Jenney works, has gone to Van Wert to spend a few days.

The Bass works are putting in a new turn table near the cleaning department.

Frank Howey, of the Pennsylvania company's offices, will be married this evening.

John Hadden, machinist at the Jenney works, has gone to Maxinkuckee to visit over Christmas.

Joe Dwenger, of the Pittsburg car shops, will eat his Christmas dinner with his best girl.

A new hoisting machine is being placed near the entrance to the Pittsburg blacksmith shops for lifting heavy dies.

A. B. Collier, of the Jenney works, left for Wooster, O., to day. He will be married to-morrow to a young lady of that city.

Harry Hayes, machinist at the Bass works, has gone to Richmond, Ind., where he will eat turkey with a young lady friend.

Foreman George H. Judy, of the Pittsburg blacksmith shop, received a handsome Christmas present from an eastern steel firm.

J. D. Kehler, treasurer of the Fort Wayne Furniture company, will represent that prosperous institution on the road during the coming year.

H. C. McKinley, foreman at the Jenney, left to-day for Wooster, Ohio, to act as best man at the marriage of A. B. Collier, also of the Jenney works.

The 1890 calendar of the Grand Rapids and Indiana passenger department will be out in a week or two and will be the handsomest ever issued by the road.

James Houghton, formerly connected with the Wabash company in this city, has been made trainmaster of the division of the road running through Decatur, Ill. His headquarters are at that city.

A meeting of general passenger and ticket agents, compilers and rate clerks interested, has been called at the rooms of the Central Traffic association, January 3, 1890. At this meeting the joint rate sheets, to take effect February 1, will be presented.

The Big Four management has placed a second order with the Brooks locomotive works for fifteen engines of the same type as those of the recent order, which is not yet complete, there being four more ten-wheelers and five switching engines to come.

The Grant locomotive works will be moved to Chicago from Paterson, N. J. At first the capacity of the works will be 250 locomotives a year. Between 1,200 and 1,500 men are to be employed in the shops. The old plant at Paterson will be abandoned. According to Mr. Jeffroy the works there were cramped and the place inconveniently located.

The sudden death of J. M. Methany, superintendent of the northern division of the Grand Rapids and Indiana railway, makes necessary a general change in the operating department of the road. A rumor is in circulation that P. S. O'Rourke, superintendent of the southern division, is to be made general superintendent, and that the superintendent of the northern division is to be William Fitzgerald, and superintendent of the southern division, J. M. Hunter. The latter is the master of transportation.

The emigration scheme has been worked so well by agents and railroad companies that an exodus of colored people threatens to almost depopulate some counties in Georgia. Circulars picturing the high wages and good hours that await the negroes in Arkansas have been industriously circulated, and with telling effect; the dusky faces have turned thitherward believing they are journeying to the land of promise. Some plantations are left without a single laborer. Between the politicians and the speculators poor Sambo has a sorry time. He has yet to learn who are his friends.

The St. Louis *Republic* of Sunday, December 22, has the following bit of news relative to the promotion of a former Fort Wayne boy: "J. E. Bleekman will succeed Mr. Henderson as chief clerk in the Wabash general superintendent's office, Mr. Henderson having resigned to accept other service, as stated yesterday. Mr. Henderson, it is understood, will go with General Manager H. K. Wade, of the Atchinson, Topeka and Santa Fe railway, with headquarters at Los Angeles, and his place with General Superintendedt Magee will be ably filled by Mr. Bleekman, who is one of the brightest young railroad men in the service. John has worked hard and attentively in all his former positions, and it will be a source of much pleasure to his many Fort Wayne friends to see his efforts rewarded. The position of chief clerk is one of unusual significance, and it is indeed very creditable to Mr. Bleekman that he should be called upon to fill so important a place."

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

RING YE BELLS.

BY PETER RUDOLPH TICKEL.

Ring ye glad and joyous bells,
Peal forth the joys of Xmas morn,
Bear the joys to every land
Jesus Christ, a new is born

Ring ye glad and joyful bells
Lighten those who to day sorrow,
Take from them their cares and ills
Spare their trials until to morrow

Ring ye glad and joyful bells
You have lightened many sorrows,
Teach the heathen to believe
And not wait until to morrow

Ring ye bells and ring ye sweetly;
May the lessons of to day,
Bring the wanderer home to purity,
And not give him cause to stray

Ring ye bells and ring ye stronger
Send the news from shore to shore,
Satan he must rule no longer
Jesus Christ is born of no more

The fish and game convention, at Indianapolis, closed its meeting on Friday evening. Among other business it adopted a resolution declaring it was the sentiment of the convention that no fish should be taken between April 1 and June 15, and a motion was carried to appoint a committee of five to take measure for the establishment of a government hatching station on Lake Michigan, and to attend to the stocking of Indiana lakes and streams for the purpose of increasing the supply of food fishes.

The Huntington *Democrat* says: "A very large fish story appeared in some of the Fort Wayne papers yesterday morning to the effect that a fine team of horses had been stolen from Charles McGrath, a Huntington banker. The reporter saw Charlie McGrew, and he said they had no horses stolen and had heard of none being stolen. The papers said $500 reward had been offered. Those Fort Wayne papers are great on correctness." THE SENTINEL begs to assert its innocence of having anything to do with the item referred to.

BURIED ALIVE!

Sixteen Men Imprisoned in a California Mine and It is Thought All Have Perished.

SAN ANDREAS, Cal., Dec. 24.—From particulars of the accident at the Lane mine received to-day, it appears that the timbering on the 400 foot level had become loosened and that nineteen men were sent into the level on Sunday to make repairs. They had not worked long when the supports of the upper timbers gave way and the roofing, earth and rocks fell, burying sixteen men.

Thomas Corwin and two Italians were working near the mouth of the drift and managed to escape, although Corwin was badly injured. The others also started to run when they heard the timbers crack, but they were too far in the drift to be able to reach a place of safety.

Immediately after the accident men were lowered into the shaft and they commenced digging into the debris. By last evening the rescuing party had succeeded in getting only eight feet into the pile of earth and timber and none of the victims had been reached. It is said that there is no prospect of getting the men out alive.

CORNER ON WHEAT.

The Ogilive Mill Company Controls the Northwestern Market.

WINNIPEG, Man., Dec. 24.—The Ogilivo Mill company, the largest milling organization in Canada, has secured a corner on all the wheat in the province of Manitoba and northwest territories, amounting to about 4,000,000 bushels.

It is an open secret that the firm secured a "pointer" from the Dominion government that the duty on flour would be increased at the pending session from 60 cents to $1 per barrel. Strong pressure is being brought to bear to induce the government to increase the tariff. As the tariff is at present Minneapolis millers are able to periodically flood eastern markets, much to the chagrin of Dominion millers.

The Ogilives have large mills in the northwest and will grind all the grain. Their deal cuts a lot of other milling companies out of wheat to keep their mills going, and in consequence wheat has bounced up to 80 cents all over the country. The price paid by the Ogilives was within one cent of what Duluth wheat, at present prices, could be laid down here for.

DAKOTA'S DESTITUTION.

Governor Mellette Speaks of the Suffering in South Dakota.

PIERRE, S. D., Dec. 24.—Governor Mellette yesterday expressed the view, speaking of the resolutions adopted at the recent Watertown convention, that no attempt at concealment at destitution among people of the state was wise. He said the districts where there is suffering and want were small, and the rest, or fully 90 per cent. of the state, was in easy circumstances and could help the others in a measure with what aid was coming in from outside.

The Northwestern railway alone has contributed over $40,000 already in freights to the drought sufferings, and is still continuing in half and free rates on coal and supplies where the necessity for them is shown.

HERE'S THE WEATHER.

You Can Regulate Your Christmas Program By It.

WASHINGTON, Dec. 24.—A storm of slight intensity is this morning central in Western Minnesota. The rain area in advance of it has extended as far eastward as western New York and Western Pennsylvania.

For Indiana—Light rain; warmer and southwesterly winds to-day, followed by cooler, fair, on Wednesday; cold wave in Illinois Wednesday or Thursday.

Burglars Arrested.

BOSTON, Mass., Dec. 24.—About 2 o'clock this morning, a burglar entered through a window in the chamber in the Hotel Bellvue, occupied by J. Wilson Dodge and his wife. To the police officials the prisoner said his name was John Moore, aged twenty-nine, residence Chicago.

Cincinnati Flames.

CINCINNATI, Dec. 24.—What is known as the tank house of the Thomas Emery's Sons extensive soap and candle works, at Ivorydale, a suburb six miles from the city, was totally destroyed by fire at a late hour last night, entailing a loss of $50,000. The destroyed building was three stories in height and constructed of stone. In it was stored about 40,000 pounds of grease. The stop cock of one of the tanks was blown off by the pressure of the liquid grease. This was the direct cause of the fire. No insurance.

THE DEED OF A TRAMP.

The Chicago Police Have a New Clue in the Mantwill Murder Case The Murderer Hunted Down.

CHICAGO, Dec. 24.—The police are working on a new clew and it is now thought that Mantwill was murdered by an insane man. A man who goes by the name of Dankspeigal, is suspected to have some guilty knowledge of the murder. He is of Polish descent and is described as a powerful man, weighing over 200 pounds.

He is known to have been in the neighborhood where the murder was committed for several days previous to the tragedy. Dankspeigal has a bad record. He has no home and is known as a tramp.

His mind is affected and he makes it a habit to sleep in basements. In his belt he always carries a huge knife, and it is said he delights in using it. It is now thought by Captain Schmeltzer and his men that Dankspeigal went in the basement of the Mantwill house to sleep, and that poor Mantwill happened to step on him while gathering the clothes from the line, and was then assaulted by the man and murdered. They expected to have Dankspeigal under arrest before evening.

MONTANA'S DEAD LOCK.

The Rival Legislators Will Eat Christmas Turkey All the Same.

HELENA, Mont., Dec. 24.—Politicians of both parties seem to have abandoned the field and will let the dead lock take care of itself until after Christmas.

To-day, the case of Roberts will be called in the district court, but a postponement is probable. A Republican caucus to nominate senators is set for December 30, and the Democratic caucus for the same purpose will likely meet on the same day. On the Republican side Sanders and Mantle are in the lead, while the Democratic candidates are Hauser, Maginnis and W. A. Clark.

The latter is almost sure to be a winner, but the friends of both the others claim a majority of the Democratic votes.

Murderous Assault.

ATLANTIC, Iowa, Dec. 24.—At 6 o'clock last evening G. H. Abbott, of Joliet, Ill., was attacked by two men near his hotel, the purpose evidently being robbery. He was hit with a sandbag, his lower jaw being broken and his lower teeth knocked out. He called for help, and the highwaymen ran without securing any plunder. Mr. Abbott was taken to the hotel, where he received medical attention. Mr. Abbott is the agent for an Opera company from New Brighton, Pa.

ST. PAUL, Minn., Dec. 24.—A railroad rumor of a good deal of interest was given circulation yesterday afternoon on the authority of a prominent railroad man. Fleming, Smith's manager, has been sending an explanation of his share in the disgraceful affair. Fleming, in an interview, says the roughs who made the disturbance were strangers to him and he could not account for their presence. They were doubtless friends who had been hired by Smith personally to do what they did. Fleming says he has severed all connection between himself and Smith forever.

Its Ravages Causing Many Deaths in South Dakota.

ABERDEEN, S. D., Dec. 24.—The superintendent of the state Board of Health has gone to Eureka, the center of the great Russian settlement of Edmunds and McPherson counties, to take measures for the suppression of malignant diptheria, now raging among the Russians.

The disease was brought to the settlement by a family of Russians, who recently came over, losing two children on route. Thirty deaths have already occurred. One farmer lost six children and another is said to have buried four children in one grave.

Death of Mrs. Heaton.

About 11 a. m. to-day occurred the death of Mrs. Owen N. Heaton, after a brief illness. Last Saturday the lady was prostrated by the bursting of a blood vessel leading to the brain, since which time her life had been constantly despaired of.

The deceased was possessed of a sunny disposition, and was kind and loving to all. Her death will be mourned by all who knew her. No children survive her.

She was born in Fort Wayne and was twenty-seven years of age. The funeral will occur Friday afternoon.

MILWAUKEE, Wis., Dec. 24.—The inability of the across-the-lake lines to take away flour as fast as received, has caused a serious blockade on the St. Paul and Wisconsin Central lines.

The St. Paul road is said to have 800 cars side-tracked here and at different points along its line. The Central has also been obliged to fill the side-tracks for fifty miles out. TUESDAY, DEC. 21, 1869.

MERRY Christmas to all.

THE old year has but one more week to run.

THE sweeping off season rapidly approaches.

THE wedding bells will ring merrily during the holidays.

MANY of our people are leaving the city to spend the holidays.

THE Russian imperial academy of arts had decided to exclude Jews from membership.

TURKEY—the national bird—will figure conspicuously in the festivities of Christmas.

"A GREEN Christmas and a fat graveyard" is the old adage. We will have the former, certainly.

A GERMAN syndicate has obtained a contract, amounting to $2,625,000, to construct railways in Egypt.

KING MALIETOA has at last been formally recognized as ruler of Samoa by the consuls of the United States, Great Britain and Germany.

SENATOR HOAR has introduced a bill providing for a national prison and reformatory to cost not more than $2,000,000. It would relieve state penitentiaries of overflowing, and the building of it would help reduce the surplus.

THE death of Henry W. Grady, of Atlanta, Ga., removes one of the brightest and best editors of the south. He labored for the reconciliation of the differences between the north and the south and was one of the grandest men of the south.

AN English newspaper says that P. T. Barnum has offered General Boulanger $1,000 a week to travel with his circus. It is gratifying to see that as a popular attraction the general is rated 75 per cent. under the great and only Colonel John Lawrence Sullivan.

THIS remark is credited to Secretary Windom: "When I am about to make an appointment, I am compelled to shut myself up for fear of being devoured by the hungry lions," which causes the Boston *Globe* to remark, "Why not prepare an iron cage for applicants when they are about to be fed?" The republicans are a hungrier set of office-seekers than the democrats ever were.

IT is stated that a syndicate has been formed for the purchase of the New York *Star*, and that an option on the paper has been secured from Mr. Collis P. Huntington. The price of the paper will be reduced to one cent and the name may be changed to the *Democrat*. Two members of the syndicate have gone to Washington to talk to Congressman A. J. Cummings, to offer him $10,000 per year and fifteen per cent. of all profits to manage the paper under its new administration.

JAMES J. WEST, ex-editor of the Chicago, *Times*, ex-president of the Times company and still a claimant in civil suits for a controlling interest in its management, was convicted last night of over-issuing the stock of the company knowingly, designedly, and with intent to defraud, and sentenced to pay a fine of $1,000 and to be imprisoned in the penitentiary for the term of five years. C. E. Graham, West's private secretary, and ex-secretary of the company, and his alleged confederate and co-defendant was acquitted. Mr. West went into the *Times* a rich man and came out poor, and while he may have been technically guilty of the crime of which he was convicted, the sentence, nevertheless seems a very severe one.

CHRISTMAS DAY.

Long before to-morrow's sun shall have peeped above the eastern horizon the Christmas bells will have rung in the brightest and happiest day of all the year—the anniversary of the birth of the Saviour of the world. It will usher in a scene familiar, it is true, to all of us, yet not the less joyous.

Christmas morn has dawned on the world for nearly nineteen hundred years and yet its coming excites in the hearts of the young and the old the joy akin to that of the shepherds when they saw in the east the star that guided them to the sacred spot where the babe of Bethlehem lay, and now, as then, He will be worshipped as Christ, the Saviour, and millions of hearts will overflow with gratitude and love.

To the young the dawning of the day will be one rich with surprises. They will look for reminders of the visits of Santa Claus—that pleasant faced and genial old fellow who comes, nobody knows how, or when or whence, but he comes and makes everybody glad with his visits.

The mysterious old man will be early astir and long before youthful eyelids have opened from their sleep he will have made his rounds and scattered his gifts. He knows no sleep on Christmas eve and all the night long travels in a mysterious way from housetop to housetop, coming down the chimney, may-hap, leaves with his favored ones rich and happy surprises, and when the morning comes and the romping, happy children gather around the taper lit Christmas tree, their hearts will burn with love for Christ—whose birth gave them the bright, glad day—and increased affection for their parents.

Christmas will be here to-morrow, and with its coming THE SENTINEL greets every bright-eyed baby and every elder brother and sister with "A Merry Christmas." To all the joyous greeting is sent and may the crowning festival of the year become that will send joy to every home.

But as we write these lines we realize that there will be some homes where the gladness born of the day will not enter. They are the homes of poverty. Over these hearth stones Santa Claus, in his flying morning trip, does not often cross. The old white-bearded man seems to love the residences of the rich and bids them to see that the deserving poor are not forgotten. Let us accept the responsibility he has placed upon us, and in our happiness, remember the poor.

It is needless to say that Christmas day will be appropriately observed in Fort Wayne. The manufacturing establishments will be closed and their thousands of employes will join in the festivities of the occasion. The churches will have religious services and many of them will provide gorgeous entertainments for their children.

THE SENTINEL, as is its custom, will issue no paper. Christmas is too joyous an occasion for the news gatherers and the employes of the office generally, and with the gay, happy throng, they will join in the festivities of the day.

THE NORTH DAKOTA PROHIBITION LAW.

The full text of the North Dakota prohibition law has been made public. It is entitled an act to prescribe penalties for the unlawful manufacture, sale and keeping for sale intoxicating liquors, and to regulate the sale, barter and giving away of such liquors for medical, scientific and mechanical purposes.

It is an exceedingly lengthy document, containing thirty-two sections, and comes in force July 1, 1890. It imposes penalties: First offense, $200 to $1,000 and imprisonment not less than ninety days nor more than one year; second and each succeeding offense is treated as a felony, with punishment by imprisonment in the state's prison for periods not exceeding two years. There is a proviso permitting registered pharmacists to sell for medical, mechanical, scientific and sacramental purposes. All places where intoxicants are sold are declared common nuisances, and sheriffs of the county in which such places are located are empowered to abate them and destroy all intoxicants and fixtures found therein.

THE FLOATING POPULATION.

Dan Mason's Original Witticisms—A Christmas Attraction.

In the early days of B——, before its enterprise had raised it out of the mud and at a time when it was not an unusual thing to see a board nailed to a stick driven into the mire at some street crossing, bearing the inscription, "No Bottom Here," Dan Mason, the happy German comedian, gave a benefit at the theatre.

It was in the spring of the year and during a week when B—— was enjoying a wet spell. The day and evening of the benefit was an unusually rainy one; still his friends managed to make their appearance and eagerly awaited his always welcome little speech before the curtain. After the first act he came to front and all was silent to listen to his expected humor. The silence was so great that the pattering of the rain drops on the roof could be plainly heard. With his genial smile lighting up his face, he commenced, "Ladies and gentlemen, I presume I am addressing the floating population of B——."

The balance of his speech was lost among the roars of laughter, for he had sustained his character for wit and humor. Mr. Mason comes to the Temple Wednesday (Christmas) afternoon and evening, and to tell half of his many funny experiences would take a volume in itself.

The vocalists with the George Wilson minstrels this season are said to be the finest ever gathered together in one company. The list includes such famous ballad singers and song writers as George Gale, Will Walling, Thomas Lewis, C. F. Shattuck, Howard Clifton, and others.

Notwithstanding the name, Mr. James Reilly, who comes to the Temple December 27, is an excellent German comedian of the J. K. Emmett order. His songs are rich in melody and his voice fully in harmony with the sweet strains from the pen of the famous composer Isidor Whitmark.

"The Last Days of Pompeii" is the New Years attraction at the Temple.

An intelligent person when hurt will at once procure a bottle of Salvation Oil. It is the best thing to cure swellings, burns or wounds. All druggists sell it at twenty-five cents a bottle.

Dr. Bull's Cough Syrup should be kept in every family. A slight cough, if unchecked, is often the forerunner of consumption. One dose of this wonderful medicine has rescued many from the grave.

HERE IT IS!

The famous neverslip horse shoe with patent removable, steel centered, self sharping calks, has gained the day and can be found in our city.

Some of the main advantages which have commended it to popular favor, may be summarized, as follows:

1. It never slips in any direction.
2. The horse soon learns this fact, and consequently, whether pulling or trotting, will always do his best.
3. It saves the horse from sprains and bruises which constantly result from insecure footing.
4. It avoids the injury to the horse's feet caused by a too frequent resetting of the shoes.
5. It greatly lessens the danger of injury from calking.
6. It saves the time, both of the horse and owner, as the insertion of new and sharp Calks is the work of only a few minutes.
7. Its use facilitates all kinds of business. Livery keepers, and all whose horses are in constant requisition, are enabled by the use of this shoe to meet their engagements promptly, however slippery the traveling may be.

Owing to the great demand for this shoe, Geary & Perrey, the horse shoers, successors to Ersig & Geary, secured the agency for Fort Wayne, and are prepared to supply all sizes of calks and wrenches, &c., to persons desirous of useing them.

The reputation of Geary & Perrey, as horse shoers, is second to none in the city, and their endorsement of the shoe, guarantees satisfaction. Call on them for further information at

Mrs. J. To the grocery to get some things, starch, soap, and bluin'.

Mrs. S. BLUIN'! why, bless my soul, how glad I am I came! BLUIN'! Why, they'd cheat your eyes out. Do you know how to tell good, PURE bluin'?

Mrs. J. No; how?

Mrs. S. There, didn't I tell you! Well, you ask 'em for a piece of it, and you drop it in a pail of water, and, if it's GOOD bluin', it'll sink — ur — or swim, and I'll be durned if I ain't forgotten which!

Now, it requires no tests to tell whether Rogers' Royal Nervine is GOOD for you. It has been tried and tested, and thousands can tell you the result. You want it, you need it, and your druggist keeps it!

A DAY OFF!

Christmas Will be a Day of Festivity to the Shop and Railroad Men of the City.

Most of the manufacturing establishments of the city will close down tomorrow and give their employes an opportunity to enjoy the festivities of Christmas day.

The passenger department of the railroads will of course be on duty, but the freight traffic will probably be light and most of the employes will enjoy a day of rest and recreation.

Released from their day's duties, the thousands of men engaged in the manufacturing and railroad pursuits will spend the day as their desires indicate, or their means permit. Many will spend it in visiting friends in other cities and many at home, surrounded by their friends and families.

To all the railroad reporter of THE SENTINEL sends greeting. May it be a happy, merry Christmas, and one long to be remembered. May it be spent, as it should be spent, in such a way that no unpleasant and harrowing memories will in the future arise to cause us to recall it with sadness.

Let it be a bright, happy day to everybody, and with this Christmas greeting, THE SENTINEL reporter lays before its readers

THE DAY'S LOCAL NEWS.

Charles Boyce, of the Electric works, is visiting at Muncie.

B. Meyer, of the Jenney, is making a holiday visit at Kendallville.

Ed Lake, clerk at the Bass works, will spend the holidays in Ohio.

Joe Geobler, of the Jenney works, will spend to-morrow at Indianapolis.

M. Mills, of the Jenney works, has gone to Van Wert to spend a few days.

The Bass works are putting in a new turn table near the cleaning department.

Frank Howey, of the Pennsylvania company's offices, will be married this evening.

John Hadden, machinist at the Jenney works, has gone to Muxinkuckee to visit over Christmas.

Joe Dwenger, of the Pittsburg car shops, will eat his Christmas dinner with his best girl.

A new hoisting machine is being placed near the entrance to the Pittsburg blacksmith shops for lifting heavy dies.

A. B. Collier, of the Jenney works, left for Wooster, O., to-day. He will be married to-morrow to a young lady of that city.

Harry Hayes, machinist at the Bass works, has gone to Richmond, Ind., where he will eat turkey with a young lady friend.

Foreman George H. Judy, of the Pittsburg blacksmith shop, received a handsome Christmas present from an eastern steel firm.

J. D. Keller, treasurer of the Fort Wayne Furniture company, will represent that prosperous institution on the road during the coming year.

H. C. McKinley, foreman at the Jenney, left to-day for Wooster, Ohio, to act as best man at the marriage of A. B. Collier, also of the Jenney works.

The 1890 calendar of the Grand Rapids and Indiana passenger department will be out in a week or two and will be the handsomest ever issued by the road.

James Houghton, formerly connected with the Wabash company in this city, has been made trainmaster of the division of the road running through Decatur, Ill. His headquarters are at that city.

A meeting of general passenger and ticket agents, compilers and rate clerks interested, has been called at the rooms of the Central Traffic association, January 3, 1890. At this meeting the joint rate sheets, to take effect February 1, will be presented.

The Big Four management has placed a second order with the Brooks locomotive works for fifteen engines of the same type as those of the recent order, which is not yet complete, there being four more ten-wheelers and five switching engines to come.

The Grant locomotive works will be moved to Chicago from Paterson, N. J. At first the capacity of the works will be 250 locomotives a year. Between 1,200 and 1,500 men are to be employed in the shops. The old plant at Paterson will be abandoned. According to Mr. Jeffrey the works there were cramped and the place inconveniently located.

The sudden death of J. M. Methany, superintendent of the northern division of the Grand Rapids and Indiana railway, makes necessary a general change in the operating department of the road. A rumor is in circulation that P. S. O'Rourke, superintendent of the southern division, is to be made general superintendent, and that the superintendent of the northern division is to be William Fitzgerald, and superintendent of the southern division, J. M. Hunter. The latter is the master of transportation.

The emigration scheme has been worked so well by agents and railroad companies that an exodus of colored people threatens to almost depopulate some counties in Georgia. Circulars picturing the high wages and good hours that await the negroes in Arkansas have been industriously circulated, and with telling effect; the dusky faces have turned thitherward believing they are journeying to the land of promise. Some plantations are left without a single laborer. Between the politicians and the speculators poor Sambo has a sorry time. He has yet to learn who are his friends.

The St. Louis *Republic* of Sunday, December 22, has the following bit of news relative to the promotion of a former Fort Wayne boy: "J. E. Bleckman will succeed Mr. Henderson as chief clerk in the Wabash general superintendent's office, Mr. Henderson having resigned to accept other service, as stated yesterday. Mr. Henderson, it is understood, will go with General Manager H. K. Wade, of the Atchinson, Topeka and Santa Fe railway, with headquarters at Los Angeles, and his place with General Superintendent Magee will be ably filled by Mr. Bleckman, who is one of the brightest young railroad men in the service. John has worked hard and attentively in all his former positions, and it will be a source of much pleasure to his many Fort Wayne friends to see his efforts rewarded. The position of chief clerk is one of unusual significance, and it is indeed very creditable to Mr. Bleckman that he should be called upon to fill so important a place."

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

France, acting in accord with England, is about to recognize Hippolyte as president of Hayti.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Somebody has called Mrs. Humphrey Ward, Miss Olive Schreiner and Mrs. Deland the agnostic trinity.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Having used "Mother's Friend" I would not be without it. It is a boon to wives who know they must pass through the painful ordeal of childbirth. MRS. C. MELOUSE, Iowa. Write The Bradfield Regulator Co., Atlanta, Ga., for further particulars. Sold by all druggists.

KING YE BELLS.

BY PETER McPOTTLEBERRY.

Ring ye glad and joyful bells,
Tell forth the joyful Xmas morn,
Bear the joys to every land,
Jesus Christ, unto us born.

Ring ye glad and joyful bells,
Light is thrown where'er it shines;
Take from them the fears and ills,
Spare their trials until to-morrow.

Ring ye glad and joyful bells,
Now have frightened hosts of demons;
Preach the heathen to the well,
And not wait until to-morrow.

Ring ye bells and ring ye gaily;
May the lessons of to-day,
Bring the wanderer home replete,
And not give him cause to stray.

Ring ye bells and ring ye stronger,
Send the news from shore to shore;
Satan he must rule no longer,
Jesus Christ is born once more.

Of this Episcopal diocese, the *Church Worker* has the following to say: "It was refreshing, whilst in the east at the convention, to hear many complimentary remarks in regard to the growth of the church in Indiana: the steady increase of the endowment fund; the development of our schools; the interest of the diocese in general missions, and in the general church building fund; the increase indeed in our diocesan missions; these were all matters of remark and congratulation. By the division of the Diocese of Missouri, Indiana is now the largest diocese in the United States in the number of souls."
